Event Objective

To impart knowledge on students about the Strategic planning that lays the groundwork for successful project implementation. Strategic planning process for projects is sizing up what already exists with what is actually needed. In simple terms, this means" comparing what you've got with what you need.

Event Outcome

- A successful strategic planning process produces a long-range plan to guide decision-making for years to come. That outcome is a requirement. However, a well-designed and executed process should also produce clarity, confidence, and ultimately productivity.
